Formerly SteelMint / CoalMint

# About The International Ferro Alloys Conference:

The International Ferro Alloys Conference is a premier gathering of professionals, experts, and stakeholders from the ferro alloys industry worldwide. In IFAC 2022 held at Goa during 5th - 7th Sept'22 we had above 450 Delegates representing over 270 organisations including 50+ International Delegates from 18 different countries.

This conference serves as a platform for participants to discuss and exchange insights on various aspects of ferro alloys production, market trends, technological advancements, and challenges facing the industry. Hosted annually, the conference features keynote presentations, panel discussions, technical sessions, and networking opportunities aimed at fostering collaboration, knowledge sharing, and business development across the global ferro alloys community.

Attendees typically include representatives from ferro alloys producers, traders, consumers, researchers, industry associations, and government agencies. The International Ferro Alloys Conference plays a vital role in shaping the future of the ferro alloys sector by facilitating dialogue, promoting innovation, and driving sustainable growth of the industry especially enriching Indian Industry's global presence.

## About IFAPA:

The Indian Ferro Alloys Producers Association (IFAPA) is a prominent organization representing the interests of ferro alloys producers in India. Established in 1961 to promote and safeguard the collective interests of the ferro alloys industry, IFAPA plays a crucial role in advocating for policies conducive to the growth and sustainability of the sector.

Initially, it started with Five Members with Sir A. Ramaswami Mudaliar as the Founder Chairman. The Membership has now grown up to 80+ Members, Covering almost all the major Ferro Alloys Producers and Noble Ferro Alloys Producers.

It serves as a platform for collaboration among industry stakeholders, facilitating the exchange of ideas, knowledge sharing, and addressing common challenges faced by members.

IFAPA engages with government bodies, regulatory authorities, and other relevant stakeholders to influence policies, regulations, and standards affecting the ferro alloys industry. Through its initiatives, IFAPA strives to enhance the competitiveness of Indian ferro alloys producers, promote innovation, and ensure the industry's contribution to economic development and industrial progress for development of India, presently synchronizing with VIKSHIT BHARAT vision of Hon'ble Prime Minister of India.

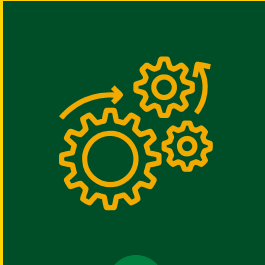

IFAPA is also an active member of CII, ASSOCHAM, FICCI and is active participant in in all related forums.

## BigMint (Formerly SteelMint)

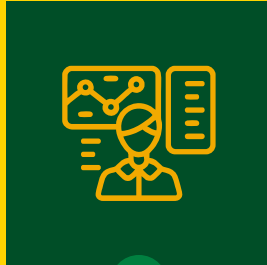

BigMint is a trusted platform for price reporting, market intelligence & consulting for commodities. We enable businesses to take critical market decisions, offering reliable insights and consulting services for a host of Commodity markets. BigMint is a gateway to the world of insights spanning metals, minerals, energies, and agricultural products, providing 600+ commodity price assessments across 30+ countries.

## Who should participate

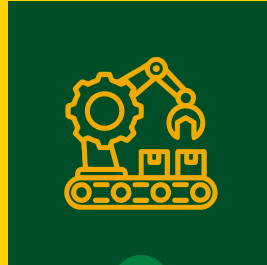

The conference has a track-record of attracting a critical mass of senior decision-makers and ferroalloys buyers from producers, traders, steel mills and consumers.

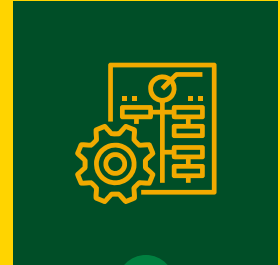

All Ferro-alloys producers and traders (Chrome, Silicon, Manganese, Tungsten, Molybdenum, Vanadium and Titanium products, etc.)

Manganese and chromium ore Miners and traders

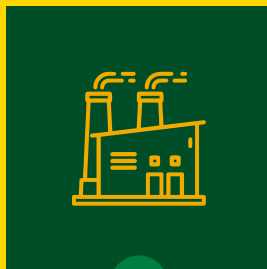

Metallurgical equipment manufacturers

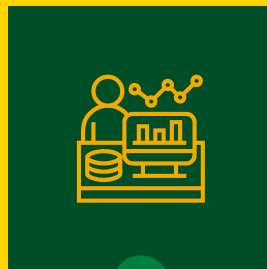

Service & logistics enterprises

International Institute of Ores and ferroalloys

Steel Manufacturer/Traders

Bankers/Consultants/Analysts related to Ferrous Industries

End-users and suppliers of Ferro Alloys

## About Venue:

### Taj Palace New Delhi

The Capital's Palace Since 1983. Nestled amidst the heart of the historic Indian capital city, the iconic Taj Palace, New Delhi has held a distinguished position amongst the finest hotels of the world for close to four decades. Spread over six acres of lush gardens, our 5 star hotel in Delhi is synonymous with timeless luxury and unmatched hospitality.

With panoramic views of the city's verdant protected greens, this hotel in Delhi offers an inimitable confluence of epitomising elements of Indian art, warm, personalised service and unmatched luxury. Four award-winning restaurants featuring an array of cuisines from across the world, a stylish bar, nine-hole putting greens, a temperature-controlled swimming pool and an expansive J Wellness Circle make Taj Palace, New Delhi, a true urban oasis.
